#### Prime Minister's Export Award 2020

# ABOUT

## ABOUT THE AWARD

The Prime Minister's Export Award is proud of its achievements of over 28 years as a factor that helps drive the Thai economy.

The Prime Minister's Export Award was established in 1992 by the Ministry of Commerce, Royal Thai Government, as an honorable accolade to the country's outstanding exporters. The Award's primary objective is to invigorate Thai economy through brand creation development, and high quality standards in the manufacturing and service industries.

It hopes to raise competitiveness recognition of Thai products and service in the international market. The Award aims to inspire and encourage Thai entrepreneurs to establish an international presence under Thai brand names with Thai designs. Moreover, the PM Award helps to promote a positive image of Thai organizations and the reputation of Thai products and service on a global scale.

The Prime Minister's Export Award will continue to energize Thai exporters to uphold their path to success, while raising consumer confidence in Thai products and service in the international trade arena.

# LEADING THE WAY

The Prime Minister's Export Award has played a significant role in supporting Thai businesses to export and explore world markets with own brand names and unique designs.

Noteworthy progress has been made each year to stimulate Thai entrepreneurs to enhance their quality and standards while being environmentally conscious and sustainable. The award has always been aware of the world economic turbulence and changes, which is why new categories are added.

The Prime Minister's Export Award serves as a quality assurance, paving the way to international recognition with pride and confidence. The award has been supporting and promoting Thai entrepreneurs to develop their performance to reach international markets.

# THE PRIME MINISTER'S EXPORT AWARD IS CLASSED INTO 7 CATEGORIES

- Best Exporter
- Best Innovation
- Best Thai Brand
- Best Design
- Best Service Enterprise Award
- Best OTOP
- Best Halal

#### Suree Interfoods Co., Ltd.

11/13 M.3 T.Banbor, A.Mueang Samut Sakhon, Samut Sakhon 74000 Thailand Tel: +66 3441 9400 Fax: +66 3441 9448 Email: marketing@sureefoods.com Web Site: www.sureefoods.com Line ID: praohom2501000 IG: suree\_sauce , katipraohom

Recipes handed down are perfected through generations of loving, caring hands. The history of Suree Interfoods began in this way. Mrs. Suree Wattanaporn prepared savory shrimp crackers to sell in her own store but felt that they could be improved with a little something extra. She created a dipping sauce for the crackers, and honed her recipe to perfection. Mr. Sonchai Wattanaporn, founder of Suree Interfoods Co., Ltd., watched his mother create her sauce with dedication and love, and over time, he realized that the world would be a better place if more people could experience her sauce. With his vision to market his mother's sauce, he founded Suree Interfoods Co., Ltd., named in honor of his mother, Suree.

Established in 1995, Suree Interfoods Co., Ltd. has produced the original family recipe of Thai sweet chilli sauce which is our specialty. The acceptance and success of the sauce opened doors for us to create many other variety of dipping sauces such as Sriracha chilli sauce, spring

roll sauce, sweet and sour sauce, sukiyaki sauce and many others. We also dipped into producing seasoning sauces such as oyster sauce, soya sauce, and Thai curry paste. We also began producing canned coconut milk. Besides using a family recipe grounded in Thai ancestry, we further ensure an authentic Thai taste by using raw materials from the heart of Thailand. With success in Thailand, we ventured into international market and secured a wide distribution in different countries.

Our expansion of product lines moved us to build a UHT coconut milk factory for our PraoHom brand to distribute locally and to send the best taste of Thailand into the world through global distribution.

To comply with International food safety standards, our factory obtained GMP, HACCP, ISO 9001, FSSC 22000, IFS-UHT Plant and BRC certificates from SGS Thailand. Our customers receive the safest, highest quality products to use confidently and with a peace of mind to create their own generational recipes.

#### Teamplas Chemical Co. Ltd.

Recipes handed down are perfected through generations of loving, caring hands. The history of Suree Interfoods began in this way. Mrs. Suree Wattanaporn prepared savory shrimp crackers to sell in her own store but felt that they could be improved with a little something extra. She created a dipping sauce for the crackers, and honed her recipe to perfection. Mr. Sonchai Wattanaporn, founder of Suree Interfoods Co., Ltd. watched his mother create her sauce with dedication and love, and over time, he realized that the world would be a better place if more people could experience her sauce. With his vision to market his mother's sauce, he founded Suree Interfoods Co., Ltd. named in honor of his mother, Suree.

Established in 1995, Suree Interfoods Co., Ltd. has produced the original family recipe of Thai sweet chilli sauce which is our specialty. The acceptance and success of the sauce opened doors for us to create many other variety of dipping sauces such as Sriracha chilli sauce, spring

roll sauce, sweet and sour sauce, sukiyaki sauce and many others. We also dipped into producing seasoning sauces such as oyster sauce, soya sauce, and Thai curry paste. We also began producing canned coconut milk. Besides using a family recipe grounded in Thai ancestry, we further ensure an authentic Thai taste by using raw materials from the heart of Thailand. With success in Thailand, we ventured into international market and secured a wide distribution in different countries.

Our expansion of product lines moved us to build a UHT coconut milk factory for our PraoHom brand to distribute locally and to send the best taste of Thailand into the world through global distribution.

To comply with International food safety standards, our factory obtained GMP, HACCP, ISO 9001, FSSC 22000, IFS-UHT Plant and BRC certificates from SGS Thailand. Our customers receive the safest, highest quality products to use confidently and with a peace of mind to create their own generational recipes.

The DoiTung brand is a social enterprise by the Mae Fah Luang Foundation under Royal Patronage, which was set up approximately 30 years ago by HRH Princess Srinagarindra, the Princess Mother, to carry out economic and social development work for hill tribe communities using the Sustainable Alternative Livelihood Development (SALD) approach. Its flagship project, the Doi Tung Development Project, was initiated in 1987 to provide an alternative livelihood for the ethnic villagers of Doi Tung, Chiang Rai Province, who once relied on drug cultivation and trafficking to survive. The project has also helped reforest the hills and preserve the environment as well as the local cultural heritage. A participatory approach ensures that the villagers are involved in every step of the process, and creates empowerment that will lead to sustainability. Their innate skills and craftsmanship are identified to create product lines for the brand, such as textile weaving, ceramics and mulberry paper that are enhanced with creative design by using technological innovation and selected raw materials to produce high quality products based on the values of sustainability.

Our story begins in 1953 in four shop houses flanked by Tuk Tuk auto body shops on a compact street off Wongwian 22. The operation, then, was largely by hand manually stapling lined sheets of paper into exercise books and fastening 365-page calendars with metal clasps. The company printed purchase order books and name cards and other stationery.

By the early 1970s, Thung Hua Sinn expanded our enterprise and started printing labels for canned goods, before venturing into other types of packaging. We put extreme care into every process.

Today, Thung Hua Sinn Group produces labels, folding cartons, printed corrugated cartons, and all types of flexible packaging for FMCG, including food, garments, electronics, medical devices, and automotive parts.

Thung Hua Sinn Co., Ltd. is a subsidairy of Thung Hua Sinn Group In the present products that manufacture from Thung Hua Sinn Co., Ltd. are paper labels and sticker labels. Thung Hua Sinn Co., Ltd. is the leader company for Offset printing in Thailand, we installed high technology

## BEST OTOP FOR PRIME MINISTER'S EXPORT AWARD 2020

### Narasamut Co., Ltd.

147/13 Moo 7 Khok Khian, Mueang Narathiwat, Narathiwat 96000 Thailand Tel: +66 73 530 815, +66 89293 5646 Website: www.befishnara.com Line ID: befish1 line@: @befishnara Facebook: befishnara

Befish is originally from Narathiwat, the homeland of love, where people enjoy their happiness, peace, warmth and the beauty of the city. It's truly a charming place that represents a slow living. The city of Narathiwat is fully surrounded by natural resources, where people have their unique food and peaceful coexistence under multi-cultural and multi-religious environments.

Fish crackers, locally known as Keropok, are a favourite snack consumed within the Malay Peninsula. However, Narathiwat Keropok is freshly fried fish crackers that have a unique recipe that makes the texture crispy and different from other crackers in other regions. Keropok is also a local food, so visitors buy it as a food gift of Narathiwat town. Because of that, we are pleased to deliver this delicious snack right to your hands.

We joined the OTOP project in 2006. With further development of Narathiwat Keropok under our brand (Befish), we first designed our packaging that looked modern, beautiful and could keep our product fresh for longer and easy to carry. Later, we have developed further by adding sauce to coat the surface of Keropok which has answered urban people in the digital age. Our brand has grown dramatically. We now have 5 flavours - original, seaweed, spicy Tomyum and Chinese hotpot.

In 2017, we registered our company under the name of Narasamut Co., Ltd. We continuously develop, paying attention to every step of production until passing the GMP codex and HACCP certification from the Department of Fisheries. We intend to inherit the taste from the origin of Malaya and further develop our products by selecting raw materials from quality natural raw materials. We value with various herbs so we are able to mediate the happiness of all related people with this organization of happiness, we aim to upgrade our community products to international standards to deliver this product of happiness in every touch that can be tasted. BEFISH BE HAPPY.
